**General Notes**

1. Standard width of crossover for a single crossover = 3m. Standard double crossover = 6m.
2. Corner lots: preferred location for vehicle crossover is on minor street farthest from intersection.
3. Within the City of Perth, cross-overs are generally considered a part of the footpath.
4. Crossover width is defined by 1. A min of 3.0m for all development. 2. Where paired crossovers are required between neighbouring developments, the minimum boundary offsets still apply. City of Perth is to be contacted if a requirement is outside of these parameters.
